

PADI Rescue Diver Course

The PADI Rescue Diver Course prepares divers to handle emergency situations through theoretical knowledge and practical training. Every dive trip needs a PADI Rescue Diver, who can prevent accidents even before they happen. It is also a prerequisite to participate in the PADI Divemaster Course.

REQUIREMENTS

- Must have advanced open water certification from PADI or other qualifying agencies
- Must have recognized and valid certification in First Aid Training (past 24 months)
- Medically fit [*if you are above 45 years old, please see a doctor for medical clearance*]
- 15 yrs old and above
- Minimum 2 pax to start the course

<p>400SGD per pax</p>	<p>INCLUDES</p> <ul style="list-style-type: none"> • PADI course manual • PADI Certification • DiveRACE Divelog • 1:4 instructor to student ratio 	<p>EXCLUDES</p> <ul style="list-style-type: none"> • Dive Trip • Travel Insurance • Dive Equipment
