--------------------------	---	--

COURSE STRUCTURE

Theory Session	Pool Session	Open Water Dive Trip
1 session (4hours) on board	No Pool Session	Weekend Trip (3 to 4 dives)
Covers all the chapters of the manual	N.A.	Specialty conducted on board with Inst

SPECIALTIES AVAILABLE

Enriched Air Nitrox	Is breathing a higher percentage of oxygen a good thing? Or does it lead to greater health risks? Learn more about the different mixture of gases and how it affects your diving. Dive longer without having to worry about decompression sickness. Experience it yourself while diving from MV DiveRACE!
Underwater (U/W) Photography	Here, we teach you to take nothing but pictures underwater, leaving only bubbles behind. Take the perfect image underwater using skills that you will learn and develop from the U/W photography course.
Wreck Diving	Explore the hidden wrecks and treasures of the underwater world. Learn and understand the safety and dangers involved in wreck diving.
